

Brian Casten

SLS Custodian

We are spotlighting Brian Casten, custodian at Sparta Lincoln. Brian is one of the most positive people. He is kind, willing to lend a hand, and takes good care of our building needs. The students have been learning sign language from him for many years. Our youngest children love to see him and some have given him the honorary name of "Uncle Brian". Brian is also a volunteer fireman for the Sparta Fire Department and has been for years. You will often see him working in his off hours at the firehouse. Brian has a strong sense of serving others and his community and is a positive role model for our students. He is a phenomenal addition to our district.
