

## **Angie Luthy**

### **EAC Paraprofessional**

This week's spotlight is Angie Luthy. Mrs. Luthy enjoys spending time with her family, shopping, reading historical romance novels, and watching football. In her spare time her family owns and operates a peach orchard in Evansville and they also help run the family pumpkin patch in Red Bud. She likes being in the Sparta district because it is a fun place to work, and it feels like family.
