

Rebecca Juelfs

EAC Junior High Math Teacher

This week's spotlight is Rebecca Juelfs! When Ms. Juelfs isn't teaching, she can often be found root, root, rooting for the Cardinals AND our students. This week's spotlight is EAC's Jr. High Math teacher, Rebecca Juelfs. Ms. Juelfs is an incredible math teacher, coworker and friend. She goes above and beyond to ensure that her students are engaged in her lessons and have fun while in her class. When Ms. Juelfs is not teaching math, you can often find her coaching Cross Country, Girls on the Run, Math Team or STEAM club, tutoring, helping out other teachers and their organization, or volunteering with her church. There is no denying that Ms. Juelfs is making a difference in our community. Some of her favorite things to do include cheering on our St. Louis Cardinals, working out, traveling to new places and playing the occasional round of golf. EAC is lucky to have such a dedicated and compassionate teacher!
