

Staff Spotlight

Kim Hennrich

SLS 5th Grade Science Teacher

This week's spotlight is Ms. Kim Hennrich, SLS 5th grade science teacher. When Kim isn't spending time with her three children, (Avery, Marlow, and Adrian) she is either planning a cool science lesson for her students or she's outdoors enjoying nature. In her spare time Kim enjoys spending time with her friends and cuddling up at home with her cute animals. Kim is this week's staff spotlight for always being the inclusive teacher that loves everyone for who they are, with no judgment.
