

## Staff Spotlight

**Julia Baird**

SLS Music Teacher

We are spotlighting Julia Baird. She is an outstanding musician that puts everything she has into her students and her family. She takes on challenges head first and when she says she is in, she is ALL IN! (Have you seen her masked singer video from last year?!) She started playing piano when she was 10 years old and music has been a major part of her life ever since. Mrs. Baird works tirelessly to create fun lessons that engage her students and instill a love and appreciation for the arts that will last a lifetime.
