

Staff Spotlight

Megan Greenhill

EAC Special Education Paraprofessional

This week's spotlight is Megan Greenhill. Megan is a tremendous asset to the EAC staff and it is a joy to work with her. She is always ready and willing to do whatever will benefit our students. All of the students love her as she fills the building with laughter and accomplishes her goal of making learning fun. She greets the students with a smile each morning and sees them off with a smile at the end of the day. She is very crafty and loves sharing her delight in creating with the students. Megan is especially skillful in working with the special education students. She sees life from their perspective and fills their days with love. We have encouraged her to join the ranks and go back to school. She hopes to be an employee of Sparta School District. She enjoys being outdoors and spending time with her husband Shawn and their two boys Jake and Clay no matter the weather, traveling to the beach and seeing new things and places. The EAC staff and students are blessed to have Megan. She helps create the positive environment that we all enjoy. Megan, thank you for being you.
