American Rescue Plan – ESSER III Plan Document

The Sparta Community Unit School District #140 is requesting community input on the use of \$4,354,678 in Federal American Rescue Plan (ESSER III) Funds. Once a plan is created and approved, the district will have access to the funds (on a reimbursement basis) until September 2024. Below is a brief description of the American Rescue Plan and Plan Requirements. Community input will be collected via email (gschwemmer@sparta140.org), followed by public conversations at subsequent Board Meetings.

Purpose of ARP ESSER Funds:

Under the Elementary and Secondary School Emergency Relief III ARP Fund (ESSER III), the Department awards grants to State Educational Agencies (SEAs) for the purpose of providing Local Educational Agencies (LEAs), including charter schools that are LEAs, with emergency relief funds to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the nation. LEAs must provide services to students and teachers in public schools as required under the American Rescue Plan Act of 2021.

LEA Use of ARP ESSER Funds:

Of the total amount allocated to an LEA from the State's ARP ESSER award, the LEA must reserve at least 20 percent of funds to address learning loss through the implementation of evidence-based interventions and ensure that those interventions respond to students' social, emotional, and academic needs and address the disproportionate impact of COVID-19 on underrepresented student subgroups (each major racial and ethnic group, children from low-income families, children with disabilities, English learners, gender, migrant students, students experiencing homelessness, and children and youth in foster care).

Remaining LEA funds may be used for a wide range of activities to address needs arising from the coronavirus pandemic, including any activity authorized by the ESEA, the Individuals with Disabilities Education Act (IDEA), Adult Education and Family Literacy Act (AEFLA), or Carl D. Perkins Career and Technical Education Act of 2006 (Perkins CTE). Specifically, ARP ESSER

funds may be used to develop strategies and implement public health protocols including, to the greatest extent practicable, policies in line with guidance from the Centers for Disease Control and Prevention (CDC) on reopening and operating schools to effectively maintain the health and safety of students, educators, and other staff, as well as:

- coordinating preparedness and response efforts with State, local, Tribal, and territorial public health departments to prevent, prepare for, and respond to COVID-19;
- training and professional development on sanitizing and minimizing the spread of infectious diseases;
- purchasing supplies to sanitize and clean the LEA's facilities;
- repairing and improving school facilities to reduce risk of virus transmission and exposure to environmental health hazards;
- improving indoor air quality;
- addressing the needs of children from low-income families, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth;
- developing and implementing procedures and systems to improve the preparedness and response efforts of LEAs;
- planning for or implementing activities during long-term closures, including providing meals to eligible students and providing technology for online learning;
- purchasing educational technology (including hardware, software, connectivity, assistive technology, and adaptive equipment) for students that aids in regular and substantive educational interaction between students and their classroom instructors, including students from low-income families and children with disabilities;
- providing mental health services and supports, including through the implementation of evidence based full-service community schools and the hiring of counselors;
- planning and implementing activities related to summer learning and supplemental after-school programs;
- addressing learning loss; and
- other activities that are necessary to maintain operation of and continuity of and services, including continuing to employ existing or hiring new LEA and school staff.

Initial community input can be shared via gschwemmer@sparta140.org.
